

14 October 1977

MEMORANDUM FOR: Chief, External Activities Branch

THROUGH : NFAC Security Officer

FROM : Associate Coordinator for Academic Relations  
and External Analytical Support

SUBJECT : Speaking Trip

1. On September 20 the Associate Deputy Director for Intelligence approved Agency sponsorship of a trip I will be taking next week to two campuses in Wyoming (copy attached). I will speak at Casper College, Casper, Wyoming, and Laramie County Community College in Cheyenne, Wyoming. My trip is in response to an invitation from Professor Cecil Jones of Casper College to Admiral Turner inviting him to speak to Jones' undergraduate class on "The Secret World of Intelligence." Jones' letter was referred to me with instructions to try to accommodate him with a substitute speaker. Subsequently, Jones accepted my suggestion that I address his class, and arrangements have been made and approved for my appearance on October 19. Later I was also invited by Professor William Guffey at the Cheyenne campus to make the same presentation before one of his classes.

2. My lectures will be completely unclassified and will discuss foreign intelligence only in general terms. I will of course be identified as a CIA representative. There will be no media present. Both professors have agreed to my terms that the meetings be completely off-the-record and not for attribution.

STATINTL

Enclosure:  
As Stated
